Barring Out Japanese.

DENVER, Col., July 23 .- Governor Thomas to-day received a brief communication from Secretary of State John Hay, inclosing an extended letter from N. Nabeshima, the Japanese charge d'affaires at Washington. The letter is in the nature of a demand on the part of the imperial government of Japan that the Colorado State Board of Health raise the quarantine on Japanese subjects, established on account of bubonic plague. The Japanese, according to Mr Nabeshima's statement, should not be included with the Chinese in anything. He says they are not given to plague and never have been. In concluding, he states very plainly that the imperial government of Japan will insist that the race shall not be discriminated

BIG FOUR'S GOOD YEAR

COMMENTS OF A FINANCIAL PAPER ON ITS LATEST OPERATIONS.

Notable Increase in Activity of Ticket Scalpers-Miscellaneous and Personal Mention.

The Wall-street Journal devotes considtion of the Big Four in the fiscal year ending June 30, which, it says, was the best year with the C., C., C. & St. L.

Journal says, in part: "When the company was formed it was of which were in poor condition physically, especially as regards equipment. The directors, shortly after beginning operations, found it necessary to raise quite a good deal of money by issuing bonds to provide for the necessary expenditures, and after paying one year's dividends on the common they suspended further dividends in 1893. and did not resume them until the present year. In the years following 1893 large quantities of rolling stock were "scrapped" and new equipment of modern kind was bought to replace that destroyed. Replacement was made, however, on the basis of capacity, not of numbers, and the cost was charged to construction account. Nor did the company write off the equipment destroyed to profit and loss, presumably because the balance was not large enough | be a question of cars, as there is a good

to permit of this. "The result, of course, was to throw the equipment account out of proper balance. Now, however, the balance has been restored at least in part by heavy charges to operating expenses for new equipment modern equipment to meet the demands upon it in the future. While it is true that its financing in the past has been faulty in that capital bore a burden that should NEELY have fallen on operating expenses, it is probably true also that the company's finances and methods are now sound and

to be charged with sufficient liberality to maintain and in some degree improve the property from year to year and there certainly can be no question as to the in tegrity of net earnings. The company's position is now as follows: Miles operated, 1.838; bonds outstanding, \$56,176,730 preferred stock, \$10,000,000; common stock \$27,987,835; total capital per mile, \$51,232 fixed charges and rentals per mile, \$1,563."

Activity of Ticket Scalpers.

The Cleveland Leader says there have been opened in that city in the last ten days three new ticket scalping offices, and some who were out of business are pre paring to return. In Chicago there are more brokers to-day than there ever have been. These men are all doing bustoo, and the question with whom are they doing it. The ticket men in this city have been trying to do business to the West in the last few days, but some one has been to the travelers before them and made terms which it is impossible to meet. Woman Used Spade as Weapon. Mrs. Laura Sparks, living at 1221 West Market street, filed an affidavit against Mrs. Elizabeth Howard, 119 Greeley street, yesterday, charging Mrs. Howard with assaulting her with a spade. Mrs. Sparks says she was riding into the city on a wagon driven by Mrs. Howard's former husband, on her way to Police Court to testify against her husband for beating her. when Mrs. Howard assaulted her through jealousy.

Lines Are Plenty.

There are thrilling tales from Shanghai, And some yarns from Tien-Tsin, too, Then, again, comes word from Peking That the stories are untrue. But the fakirs are not always In some foreign country born We have read some first-class fibbing Telling us of Kansas corn. All the cables are kept busy

Bringing news from far Hong-Kong.

While our truthfulness we boast, Till we read of big sea serpents Splashing on the Jersey coast. Canton, China, keeps us guessing Vith its contradicting news. All the rumors are so varied We believe whiche er we choose Every spring from old New Hampshire, Or the region of the lakes, Comes the tale that some backwoodsman

Finds a ball of frozen snakes.

First a rumor, then another Saying that the first is wrong.

And we talk of "Chinese liars,"

All the world is full of liars. And their tricks are just the same, And their stories only vary With the bigness of the game. Ve should give a chance to China. For her liars are just found, While our home-grown native liars Keep in trim the whole year round -W. D. Nesbit, in Baltimore American. FAST TIME BY CRESCEUS

BREAKS A STALLION RECORD BY TROTTING IN 2:07 1-2, 2:06 3-4.

The 2:11 Pace at Cleveland Taken by White Hose and the 2:16 Trot by Cornelia Bel.

CLEVELAND, O., July 23.-The five

thousand people who attended the grand circuit races on the opening day saw one record smashed, and fast time in all the other events. The great race of the day was the 2:08 trot, in which several of the fast stallions started. Owing to John Nolan's performance at Detroit, last week, he was a hot favorite, and much of the twenty-five or thirty thousand dollars that went into the pool boxes was placed on him. Nolan sold for \$500 and the field for \$400, and in the selling down he brought \$100, to \$60 Cresceus, and \$5 each for Charley Herr, Tommy Britton and Grattan Boy. In the first heat Tommy Britton had the pole and John Nolan and Cresceus were Batteries-Poole and Ritter; Rosebrough lighting for the place. At the half Nolan broke badly, going back to the rear. Gratton Boy was sent after Cresceus and the finish was a hot one, Cresceus going under the wire in 2:071/2. In the next heat Cresceus led all the way round, making the first quarter in 301/2, the half in 1:021/2, the threequarters in 1:34 and mile in 2:06%. Nolan got down to steady work in the second heat and he covered the last half in 1:0214. but he was too far behind to overtake and pass the leader. In this race Cresceus went the two fastest miles ever trotted by a stallion, and he made the fastest mile by a ALFRED JAMES, President. stallion in two years.

In the 2:11 pace Clinton B. was a hot favorite after Hal McEwen had been drawn. He won the first two heats easily and was leading in the third heat until within three yards of the wire when White Hose went to the front and won under the | The Assets of the Company in the United States whip. The fourth and fifth heats were re-Alan was the favorite at even money for

the field in the 2:10 trot, but in the first heat Alan made a bad break and was beaten by Chain Shot. In the second and third Cornelia Bell outstepped the field and won after hard finishes with Chain Shot and Arch W.; Senator K. took the fourth heat by a great burst of speed, but Cornelia Bell took the fifth after a brush with Alan and Senator K. under the whip. FEDERAL JUDGE LACOMBE.

NEW YORK, July 23 .- The further hearng in the case of Charles F. W. Neely, of the Cuban postal service on proceedings to extradite him under the law passed at the close of Congress, was continued to-day, before Judge Lacombe in the United States Circuit Court. Judge Lacombe in a deci-

Cuba, testified that the money was kept in safe; that Neely signed the receipts which witness made out and that Neely also received the money and in most cases opened the envelopes himself. Neely had entire charge of the receiving and disbursing of money. Mr. Marshall went into de tail concerning the keeping of the ledger and said the last time he had seen it was in April before Neely left for the United without assistance and for this reason the States. Mr. Marshall then started to go through the book and tell, one by one, in
